

NC STATE UNIVERSITY

Plants for Human Health

I N S T I T U T E

School Garden Summer Institute

August 14-15, 2019 8:30am-3:30pm

Day 1 – Topics include hydroponics, vermicomposting, and more!

Keynote speaker: Jenna Mobley

Educator contributing to school garden support organizations including FoodCorp, Georgia Organics, LifeLab, Whole Kids Foundation, and the Captain Planet Foundation

Day 2 – Farm Field Trip, School garden tour featuring curriculum connections and classroom management in the garden

Jam-packed with great info, but don't take our word for it. Here's what teachers had to say about the Institute last year...

"This was a wonderful assembly of different aspects. I loved every minute of the workshop—and that's never happened!"

"Excellent! Well done! Organized, meaningful content!"

"So much great information packed into 2 days. I learned so much."

Registration

go.ncsu.edu/SGSI

Cost: \$25, Lunch included

Registration deadline: June 30
